Its raining cats and dogs!

In a local neighborhood cats and dogs were seen falling from trees, what a strange occurrence.

Why are cats and dogs in trees?

Cats and Dogs are being found in trees because of the local supervillain Dr. Evil. Dr. Evil unleashed a ray onto the local neighborhoods last night that made all of the Cats and Dogs residing in the neighborhood run up into the trees just outside of their homes.

What can you do about this disturbance

Dr. Evil stated that “Cats and dogs will remain in trees until I have received a pineapple at my doorstep”. Dr. Evil must have a strange addiction to **pineapples** if this is all he is asking for.
